

AI-Powered Career Roadmap

Student → Professional Web Developer | Timeline: 2 Years

Current		Target Goal	
Situation	Student	Target Role	Full-Stack / Frontend Developer
Current Skills	Web Development (HTML, CSS, JS)	Timeline	2 Years
Strengths	Frontend fundamentals, visual thinking, building user-facing products	Avg Salary	€40k–€65k (NL/EU entry-level)

Skill Gap Analysis

Skill Area	Current Level	Target Level	Priority
React / Next.js	Beginner	Proficient	High
Node.js / Express	None	Proficient	High
TypeScript	None	Comfortable	Medium
Databases (SQL/NoSQL)	None	Working	Medium
Git & DevOps basics	Basic	Confident	Standard
Testing (Jest/Cypress)	None	Basic	Standard
System Design basics	None	Aware	Standard

Learning Path		Suggested Projects
Phase 1 (0–6 mo)	React, Git advanced, REST APIs, TypeScript basics	Personal Portfolio (React + Animations)
Phase 2 (6–12 mo)	Node.js, Express, SQL + MongoDB, Auth flows	Full-Stack E-Commerce App (MERN)
Phase 3 (12–18 mo)	Next.js, CI/CD, Docker basics, Testing	Dashboard with Auth + REST API
Phase 4 (18–24 mo)	System design, OSS contributions, Interview prep	AI-powered tool (OpenAI API integration)
		Open Source Contribution (GitHub)

■ Networking & Community		■ Monthly Milestones	
LinkedIn	Post weekly learnings, connect with devs & recruiters	Month 3	First React project live + GitHub portfolio started
GitHub	Commit daily, make repos public, show green squares	Month 6	Full-Stack app deployed + 200 LinkedIn connections
Community	Join Discord servers: Reactiflux, The Odin Project	Month 9	TypeScript & Node.js comfortable + 1 freelance gig
Events	Attend local tech meetups (Breda / Eindhoven / Amsterdam)	Month 12	3 portfolio projects + applying to junior roles
Outreach	Comment on posts of 5 senior devs/week; DM thoughtfully	Month 18	First job offer or internship secured
		Month 24	Employed as Junior/Mid Developer ■

Immediate Next Actions (This Week)

#1	Set up GitHub profile — pin repos, write a strong bio, add profile README
#2	Start 'The Odin Project' or 'Full Stack Open' free curriculum today
#3	Build & deploy a personal portfolio site (use Vercel — free & instant)
#4	Optimise LinkedIn: add 'Web Developer Open to Opportunities' headline
#5	Join Reactiflux Discord + The Odin Project community — introduce yourself
